

## 35 Canyonites Included in List Of Candidates for WT Graduation

A total of 35 persons from Canyon are among the nearly 300 candidates for degrees at West Texas State College's spring commencement May 25.

Commencement activities for the record number of graduating students will begin May 22, when traditional Senior Class Day exercises will be held in the Administration Building auditorium. Seniors that day will march in academic robes and caps, escorted by members of the junior class. In ceremonies led by Bobby Gene Schneider of Booker, senior president, the graduating class passes on its responsibilities and privileges to the juniors.

President and Mrs. James P. Cornette will honor graduating students and their families at a reception held annually at their residence on May 24 at 8 p. m.

Commencement exercises will be held at 5 p. m. May 25 in the West Texas State field house. Speaker will be Dr. Frank O.

McIntyre, public relations director for the California Teachers Association.

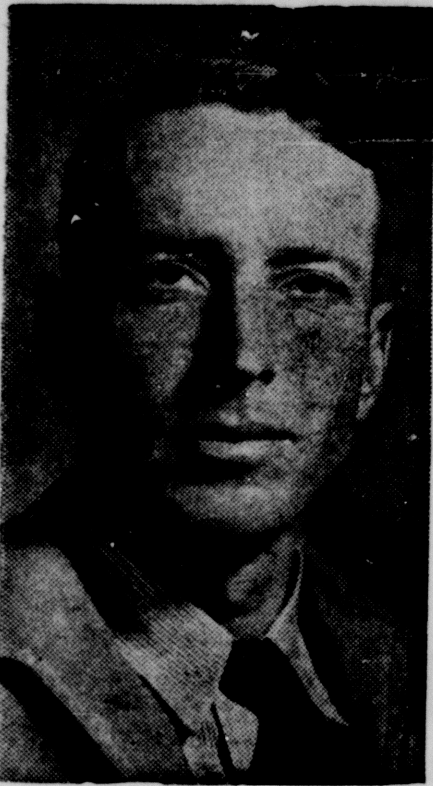

Seeking the Master of Arts degree are Jo Carol Lindsey and Travis McBride. Master of Business Administration candidates are Mary Ann Dawdy Berry and Robert T. Lindsey. Master of Education candidates are Clarence E. Kincaid, Gene Mickey, Billie George Ross, Helen Gilmore Taylor, Lottie Sue Vaughn, and John C. Whinnery.

Candidates for the Bachelor of Arts degree are Margaret Ann Lacy, Dana McDowell, Jo Ann Mickey, and Bettie Glanton Wimberly. Nils Person is seeking the Bachelor of Music Education degree.

Those seeking the Bachelor of Science degree are Don Beck, Harold Dean Bier, William M. Black, Ted Briggs, Nell Bullard, Dwain Currie, Nancy Adcock Dakil, Camilla Davis, Kerry Franklin.

Raymond E. Haddock, Cherry Hatfield, Virginia Henson, Edgar Hubbard, James F. Owens, Wayne Prichard, Maxine Sherrod, Betty Burrus Swearingen, W. M. Thompson, Noel B. Clemons, and Darrell Humiston.

### Running

CHARLES Y. JOHNSON

### Johnson Gives Race Platform

Charles Y. Johnson, South Amarillo businessman, has filed for re-election as commissioner of Precinct 4, Randall County, which includes all of the city of Amarillo south of 29th Avenue.

During his term of office, he points out, Randall County has made many progressive steps. Among these are the construction of the Randall County office building on South Bowie, housing a tax office, justice of the peace, sheriff's department, county judge and commissioners office and a deputy county clerk for absentee voting.

A highway system that will, upon completion, rank among the finest in Texas was undertaken during his office. This includes the Amarillo to Canyon Expressway, U. S. Highway 87 four-lane divided south of Canyon to Swisher County and U. S. Highway 60 four-lane divided west of Canyon to Deaf Smith County.

In addition, Precinct 4 has had approximately 50 miles of paved farm-to-market road constructed within its borders during Johnson's term.

A modern, federally-approved county jail was recently completed in Canyon. Increased personnel and two-way radio cruisers providing 24-hour law enforcement for the entire county have been inaugurated in the sheriff's department during Commissioner Johnson's term of office.

## Morris Installed As Jaycee Prexy

Michael Morris was installed as president of the Canyon Jaycees Saturday night in ceremonies in the elementary school.

W. E. (Pete) Snelson of Midland, immediate past president of the Texas Jaycees, was guest speaker. Snelson asked the Canyon group to work toward making Canyon a better place to live and to induce other young men to help in the work.

He said a common failure in our times is a lack of salesmanship. "We have become accustomed to success. We are not prepared for a recession," he said.

Snelson compared a community to a bank. If everyone takes from the community without putting something back, the community will die, he said. If some withdraw service from a community, others must serve more than their share, Snelson said.

He said it is necessary to seek out motivations in order to get young men interested in their communities.

Other officers installed were Jim Madison, first vice president, John Smotherman, secretary, Wilbur Truitt, treasurer, Glenn Sparkman, state director, and Wayne Wirt, director. Wirt is the outgoing president.

The officers were installed by Harold Cliver of Amarillo, state vice president for region one. Awards for outstanding service were presented to Smotherman, John Carlile, Morris and Wirt.

Visiting Jaycees at the banquet were from Pampa, Hereford, Amarillo and Borger.

## Babe Ruth Rosters Ready

Rosters for the four Babe Ruth League teams were selected Monday night by the managers through an auction held by the Player Agents, Bob Bellah and Bill Sternberg.

All boys who tried out for the league are asked to meet at the Little League Park at 5 p. m. Friday for team assignments. It is important that each boy attend.

Mr. and Mrs. J. D. Byrd and son, Billy, spent the weekend in Lockney with his mother, Mrs. Ida Byrd.

Mrs. Roy Harrington of Lamar, Colo., has been visiting her mother, Mrs. Addie Hefner, of Canyon.

## Return Chamber Forum Report

### Demo Committee Fills Vacancies

Acting Democratic precinct chairmen for seven voting precincts were appointed Monday night by the Randall County Democratic Executive Committee. Two of the seven were appointed to the newly created precincts, while the other five were to fill resignations.

New precinct chairmen are A. C. Wilson in Precinct 14 and Lindy Ward in Precinct 15. Those appointed to fill vacancies were R. B. Gist Jr. in Precinct 3 to replace Conway Kuykendall, James I. Fletcher in Precinct 5 to replace Lynn Bennett, Elmer Mason in Precinct 7 to replace Bill Lane, Mildred Miner in Precinct 9 to replace Jonathan M. Durrett; and Mrs. Joe Miller in Precinct 10 to replace Selden Sipson.

The official list of those who filed for the first primary in July are Walter Rogers for representative of the 18th Congressional District; E. O. Northcutt for associate justice of the court of civil appeals; E. E. Jordan for judge of the 47th District Court; and Granville W. Jones and Ted B. Springer for representative of the 94th Floterial District.

A. W. Lair for criminal district attorney; Burney Slack and Roy Joe Stevens for county judge; Mrs. Ruth A. Hill and Mrs. Rae M. Walters for county treasurer; Roy N. Byrd Sr. and T. H. (Tommy) Lair for county clerk; Mrs. Mavis Hill for district clerk; Carl Anderson for Precinct 1 justice of the peace; and Mrs. W. J. Flesher for Precinct 4 justice of the peace.

Clarence Beckman and Joe Wieck for commissioner Precinct 2; C. Y. Johnson, L. H. Borger and Calvin Casey for commissioner Precinct 4; and Frank G. Harrison and John Dorsey for county surveyor.

Filing for chairman of the Democratic Executive Committee was Bob Trowbridge. The incumbent, Jack Taylor, did not file.

Only nine of the 15 precincts will have names listed on the ballot for precinct chairmen. They are Precinct 2, Edgar Robinson; Precinct 3, R. B. Gist Jr.; Precinct 6, H. W. Burrus; Precinct 9, Mildred C. Miner; Precinct 10, Tom G. Bundy; Precinct 11, J. Robert Poole; Precinct 12, Perry Powell and William Q. Boyce; Precinct 14, A. C. Wilson; and Precinct 15, Lindy Ward.

No candidates filed for Precincts 1, 4, 5, 7, 8 and 13.

None of those candidates listed above will be eligible for being on the ballot unless their filing fees are paid to the county chairman, Taylor, by May 17. The executive committee set 10 per cent of the annual salary for each office as the filing fee for the candidates. No fee is required from the candidates for Democratic Party offices as the jobs do not have any salaries.

Mrs. L. E. Thomas of Canyon left Friday for Milwaukee, Wis., for a visit with her daughter and son-in-law, Mr. and Mrs. Thomas Thul.

Mrs. Floyd Moore and son, Larry, were Sunday guests in the Wellington home of Mrs. L. Lawrence, Mrs. Moore's mother.

### ROTC and Trophies

The corps of cadets of the West Texas ROTC march before a table loaded with trophies as the battle group passed in review for the annual awards day last week.

## ROTC Company Gets Four Citations Name Haddock Outstanding Senior

Four cadets were winners of more than one award at the annual Awards Day ceremonies Thursday for the West Texas State College Reserve Officers' Training Corps unit.

They were Sammie James of Paducah, Bruce Wimberley of Amarillo, Bobby McBeth of Hale Center, and William G. Kernek of Dumas. Company "D," commanded by Gene Glazener of Dalhart, was winner of four unit citations, to take top honors among the "Battle Group's" companies.

Winner of the highest individual award was Cadet Col. Raymond E. Haddock of Canyon, commander of WT's Battle Group, who was presented the President's Trophy by WT President James P. Cornette. Haddock is a Distinguished Military Student and will be designated a Distinguished Military Graduate at commencement exercises May 25. The award is given to the "outstanding senior cadet."

Receiving the "PMS&T" trophy was Sammie E. James of Paducah, as the outstanding junior cadet. James also received a Chicago Tribune award as the junior cadet with the highest scholastic average in military subjects.

Wimberley, a freshman, took the Martin Allen Dickinson trophy as the outstanding first year student, won a Chicago Tribune citation, and picked up one of three Drill Team proficiency awards.

McBeth was winner of the "best competitive shot" trophy and was named "most valuable member" of the unit's Rifle Team. Kernek was the outstanding scholar in military history, winning an award in that competition, and was winner of one of three "outstanding bandman" awards.

Glazener's Company D took the top unit award, given by Col. T. H. McDonald of Amarillo, for best all-around company in the

ROTC unit. Second Platoon of that company was named "best drilled platoon," and the company also was awarded trophies as the "best drilled company" and "best attendance company."

Winner of the William E. Lockhart trophy, given by the Palo Duro Post, No. 97, American Legion of Canyon, was Doyle R. Terrell of Dumas, the outstanding member of the sophomore class.

For the greatest overall develop-

ment in military proficiency, Kenneth Fulfer of Dimmitt was named winner of the Association of the United States Army Medal. Outstanding Drill Team member award went to Donald F. Broome of Kellerville. Most improved Rifle Team member was Sterling L. Pritchard of Canyon.

Other winners of the Chicago Tribune awards were Sammy K. Hull of Canyon, senior, and Bobby K. Robertson of Cactus, sophomore.

## Condemnation Suits Clear County Right of Way From Bell to Hill

Randall County now has access to all the right of way for the Amarillo to Canyon expressway from the top of the Canyon Hill to Bell Avenue, A. W. Lair, criminal district attorney, told the commissioners court Monday.

The state highway department also announced Monday that the section of the expressway would probably be let for bids in the June letting, meaning that construction could start in July.

Four condemnation hearings were held last week, giving the county access to the right of way. The commissioners court accepted the awards, although the landowners have the right to appeal the awards.

The court will work next toward obtaining right of way from Canyon to the Deaf Smith County line, the next section wanted by the highway department. The final two sections of right of way to be purchased are from Bell Avenue to 45th Avenue and 45th to Georgia.

In other action, the court accepted a bid of \$3280.48 from Amarillo Motors for two three-

quarter ton pickup trucks. The bid was second low. The low bid was \$3160 from Forrester Truck Company of Amarillo.

The Amarillo Motors bid was accepted because the company promised delivery in eight days while the Forrester company promised 30-day delivery. Commissioner C. Y. Johnson said Amarillo Motors also would loan the county a pickup truck until the new ones are delivered. The two trucks will be used in Precinct 4.

Other bids were Imperial Chevrolet, Canyon, \$3576.62; International Harvester Company, Amarillo, \$3603.79; and Hedgecock Motor Company, Amarillo, \$4013.50.

The court also accepted a bid of \$3142 from Tom W. Carpenter Company of Amarillo to supply fire fighting equipment for Precinct 2. The Carpenter bid was the only one received.

A bid of \$235 for a typewriter from Elliott Office Supply was rejected by the court because the typewriter the new one was to replace has been repaired and is in good working order, according to Auditor E. T. Cummings.

## Work Classified In Six Areas

Development in six areas is indicated by the report and analysis of the Canyon Chamber of Commerce Community Progress Forum, Ralph E. Duncan, manager of the West Texas Chamber of Commerce Community Services Department, told the Canyon chamber board of directors Tuesday afternoon. The forum was held in mid-April.

Duncan said there were 842 suggestions in 63 classifications from the 184 people who attended the forum. These were grouped into six areas of development, and the suggestions were further broken down into projects which can be accomplished in a short time, on short-range and long-range programs.

Duncan said that only 48 of those who attended the forums were members of the chamber of commerce. "Your members are either taking their chamber for granted or feel that somebody else will do the job for them," he said.

He suggested that the chamber plan this year's work program from the short range possibilities so that some definite and completed projects can be shown at the end of the year. He added that the long-range projects can be worked on at the same time, at a slower pace, so that in a few years the entire work program can be filled.

Chamber President Clarence E. Thompson said the board would study the report and would probably formulate the work program later this week or early next week.

The second step in putting the program into effect is to organize committees, Duncan said. He suggested that the members of the committees be made up entirely of chamber members, although 81 non-members indicated they would be willing to work on committees during the forum.

"Let us urge that you not adopt a too ambitious program," Duncan said. "Confidence can be instilled in your membership by completed projects. We have found that a work program that is top heavy presents an insurmountable obstacle in the minds of many people and appears to them an impossibility. Therefore, your work program for the coming year should be one that has the best opportunity for completion during the year."

The six areas for work were Civil Improvement and Recreation, Business and Tourist Development, Industrial Development, Agriculture and Livestock, Education, and Public-Member Relations and Organization.

The largest number of suggestions in the forum were in the field of civic improvement and recreation—443 suggestions. "Because of this, it is evident that your people are much interested in this phase of your community life," Duncan said.

The largest number of suggestions on a single subject was 96 on city-wide street and alley paving and sidewalks. Duncan said that such a program is obviously long-range, and a chamber committee should work with the city commission over a long period in order to realize the goal. He said it should be the number one project of the chamber.

In the field of business and tourist development, the suggestions most often made were to obtain more parking space, modernize store fronts and organize a tourist development committee.

In industrial development, the most often made suggestion was to increase efforts to secure small, adaptable industries. In agriculture, an expanded farm-to-market road system was most often suggested.

Educational suggestions include a need for student employment service, remaining alert to needed public school improvements and helping promote enrollment at the college.

The need for working for a closer relationship between town and rural areas was the most-often mentioned need in the member relations field.

## Another .90 Added to Total

An additional .90 of an inch of moisture fell on Canyon during the past week, while heavier rains fell in some places in the county.

The total was from .12 of an inch Friday, .10 of an inch Saturday and .68 of an inch Monday.

## Panhandle-Plains Speaker Cites Fear; Shaller Is Prexy

"The dream of security has taken the place of the dream of success," Dr. D. M. Wiggins said at the 37th annual banquet of the Panhandle-Plains Historical Society Friday night.

He said there have been steps to remove the chance-taking element from the lives of Americans and attempts to replace that element with a guarantee of success. Dr. Wiggins said this process is tampering with the base of democracy.

Frank Shaller of Canadian was elected president of the society at the annual meeting Friday afternoon. Shaller replaced Floyd V. Studer of Amarillo.

Other officers elected are Ernest Archambeau of Amarillo, first vice president; C. P. Buckler of Pampa, second vice president; Dr. Hattie M. Anderson of Canyon, recording secretary; and C. Boone McClure of Canyon, executive secretary.

The membership re-elected the museum staff and added Dr. Anderson as educational director. New members of the board are Dr. J. T. Powell, Dalhart; Lewis P. Fields and C. Richard Wagner, both

of Amarillo. Committee reports during the annual meeting told of the progress of the society and the museum during the past year. Shaller said the society gained 119 new members during the past year, bringing the total membership to 604. Charles Woodward of Amarillo said the publications committee plans to print 1100 copies of the Panhandle-Plains Historical Review this year.

The society also issued a call for back issues of the Review from those who no longer have a need for their copies. The society especially needs the issues of 1929, '30, '31 and '32.

J. Evetts Haley, chairman of the building committee, suggested that the west room in Pioneer Hall be converted for library purposes until more facilities can be provided. Studer said the committee has also been busy on plans for expansion of the museum.

Dr. Anderson reported for the library committee that the largest acquisitions of the year have been microfilms of material dealing with the Indian campaigns, another on

barbed wire, a third with the records of Fort Elliott and a series showing all Sears, Roebuck and Company catalogues.

Studer announced that a microfilm reader will be put into use soon in the museum.

The resolutions committee chairman, Dr. J. A. Hill, introduced resolutions honoring members of the society who died during the past year. Those honored were Mrs. C. P. Buckler, Pampa; Charles R. McAfee, Amarillo; Florence McMurry, Nicholasville, Tenn.; David Warren, Panhandle; and Clyde W. Warwick, Canyon.

The executive committee also announced that Warren had been named a benefactor. Dr. Anderson a contributing member, and Bob Lindsey of Borger, a patron.

Jack T. Hughes, curator of paleontology, reported that some aspects of the museum's work are improving, but the museum is falling behind in others as collections grow and the population of the Panhandle grows, "endangering more and more Indian and paleontological sites."

Hughes said he has a long list

of reported sites, but has found it impossible to follow up on the reports because he works only half time for the museum.

McClure, the museum director, listed new acquisitions for the past year, including:

A new Harold Bugbee mural, Bugbee prints donated by Shamrock Oil and Gas Corporation for resale, and copies of a Shamrock book, "Opus on the Frontier," also for resale.

Money from Mr. and Mrs. Erwin Ochser of Amarillo to build a case for a mountain lion habitat group constructed by Clarence Kincaid.

A promise through a will by Alfred Nicholson, son of the late O. T. Nicholson of Shamrock, to leave the remainder of the Nicholson gun collection to the museum.

A number of taped interviews with old timers of the Panhandle through the cooperation of the Amarillo branch of the American Association of University Women. The fixtures of the old Panhandle Bank donated by Frank Paul Sr., Frank Paul Jr. and Howard Paul, all of Amarillo. The fixtures will be used to depict an early-day bank scene within the museum.

McClure said the Perryton High School library has received Plains Historical Review through a complete set of the Panhandle courtesy of Carl Ellis of Perryton. McClure said the gift makes Perryton High the only school in the area to have the file in its library.

In his speech Friday night, Dr. Wiggins asked three questions: "What are the rights and privileges of free men?" "For what ends do men struggle when they seek freedom?" and "What price must be paid to attain and maintain freedom?"

Dr. Wiggins said the rights include the "Right to choose," the "Right to use will to carry the choice through," and the "Right to bear the responsibility for making the choice and exercising the will."

He said a democracy must provide those rights. He said our European forebears gave up security in order to take desperate chances in finding a place so their sons and daughters could have the opportunity to exercise choice in one area—that of worship.

Dr. Wiggins said that in the broadest sense, the business of education is providing a laboratory in which to gain experience so that as few mistakes as possible will be made by young people in making their choices. "But it does not guarantee that no mistakes will be made," Dr. Wiggins said.

He pointed out that our system of athletics would fail if the chance-taking element were removed.

Dr. Wiggins said that the fears of man have changed. At one time in history, man was afraid of the world around him. Now there is a new fear. "We are afraid of each other—not afraid, scared," he said.

The new fear has come about partly because of the "worship of false security," he said. "The reason we're about to sell our heritage is because we're afraid we'll lose our softness," Dr. Wiggins said.

The test facing America today is whether or not a people can recover who have stepped so far into socialism, Dr. Wiggins said. He said that it has never happened historically.

## A Worthy Suggestion

R. B. Allen, owner of the Credit Bureau of Canyon among other things, has been to a recent meeting of the Retail Merchants Association of Texas, and has brought back some information of interest to all of us. We feel that we ordinary citizens could profit from a study of the information and an endorsement of it.

The RMA members voted to request the Texas State Tax Study Commission and the Texas Research League to study ways of achieving economy in the state government.

That's a simple enough request, but it has rather far-reaching consequences. The tax study commission was set up by the legislature at the last session to study the taxes paid by Texans, and to search for new sources of tax revenue—or even find ways to change the tax structure of the state.

So far, the commission has published three booklets summarizing the studies. They are *The Taxes We Pay*, *How Our Taxes Compare*, and *Our State's Fiscal Picture*.

The RMA is recommending to the commission and the Texas Research League, a non-profit organization devoted to conducting studies at the request of some segment of the state government, and the governor that the study include possible consolidations of departments and agencies, the elimination of useless and unnecessary services and a closer scrutiny of all state expenses.

The RMA has noted that the two groups studying the money problems have been devoting most of their attention on hearing arguments pro and con on various types of new taxes that might be imposed, including sales taxes, income taxes and gross receipts taxes. The tax study is being made because the state faces a possible deficit of \$50 to \$100 million.

"It is the opinion of RMA members that the tax load on consumers and businessmen alike are already excessive, and what is needed now more than anything else is a reduction in taxes that will increase the purchasing power of families and thereby stimulate our economy," says Mr. Allen.

Because the RMA is devoted to keeping both businesses and consumers solvent, and keeping everyone's credit good, the organization could hardly suggest a

tax reduction and deficit financing—a big way of saying "borrow." So the organization sensibly suggests a study of ways to cut down the expenditures of government, and the size of government.

We go along with that completely. We feel that government, at all levels, has grown much too large. The old story about paying the piper fits quite well.

We've arranged for the state and federal governments to play the music for our dances. They've brought such big bands along that it takes more and more money to pay the bands for the music. And the time is coming when we'll be so busy working to pay for the music that we'll have no time to dance; but the music will go on and on, with members of the band doing the dancing during their rest periods.

## Congratulations

A signal honor has been given one of Canyon's citizens. With the honor comes responsibility, and we know it will be discharged quickly and competently.

Rex Reeves, principal of the Canyon Elementary School, has been selected as a member of the State Textbook Committee for this year. The committee has the responsibility of selecting textbooks that will be offered for use in the schools of the state.

This year's committee will select literature texts for grades seven through 12, homemaking texts for the seventh or eighth grades and science texts for grades one through six.

The selection of textbooks is handled in this manner: The state committee selects five of each type from the dozens published this year. The five books, say in ninth grade literature, are put on the state Multiple List. In each school district, a textbook committee goes through each of the five books, and selects one for use in that district, and in the next year, the ninth grade uses that literature book.

One other member of the State Textbook Committee is well-known to residents of Canyon. He is Irby Carruth, former superintendent in Canyon, and present superintendent of the Austin schools.

Our congratulations to Principal Reeves for the honor given him, and our best wishes for his highly important task.

## A Joke

Dr. D. M. Wiggins, the guest speaker for the Panhandle-Plains Historical Society banquet Friday night, told this one:

A couple had a son who was a model of propriety. He did well in school, was well-liked by teachers and his fellow-students. He was respected all over town, and was a well-adjusted youngster.

The boy grew up, as they all do, and got into high school. The same story came from there. He was well-liked, did well, and everyone figured he had a bright future ahead.

Naturally, the parents were proud. They could see big things for their boy—and one day the clouds fell down. The youth, in his senior year in high school, came in with an announcement that he was going to be married.

The parents argued, cajoled, threatened and pleaded with their boy. But he was adamant. Nothing, apparently, could change his mind.

One evening, when the boy was out with his fiancée, his parents slipped over to her parents' home and found the same situation had been going on there. The two couples talked together, and finally decided to go along with the wedding and do the best they could by helping their children out.

The wedding day came, and the participants were all in place in the church. The minister came to the part where the bridegroom pledges all his worldly goods to the bride.

And in the parents' pew, the boy's father turned to his mother and blubbered, "There goes his bicycle."

I GIVE YOU  
TEXAS  
By  
BOYCE HOUSE

As the Steamboat Invincible made its way up the Mississippi (according to T. B. Thorpe, a writer who flourished 75 years ago), the passengers in the cabin were startled by an Indian whoop from the bar. Then there was a loud rooster crowing and then the hero of these accomplishments thrust his head into the cabin and shouted:

"Hurrah for the Big B'ar of Arkansas!"

Then the Big B'ar walked in. Clad in rough, homespun clothing, he was tall and was big of bone. Obviously he was in a genial mood.

CITATION BY PUBLICATION  
THE STATE OF TEXAS

TO the unknown heirs of Mrs. J. H. Hardin, deceased, and their heirs and legal representatives; defendants, GREETINGS:

You are hereby commanded to appear before the Honorable District Court of Randall County, Texas, 47th Judicial District, in Canyon, Texas, by filing a written answer at or before 10:00 A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, the same being the 23rd day of June A.D., 1958 to Plaintiff's Petition filed in said Court on the 5th day of May A.D. 1958, in this cause, the same being cause No. 3534 on the docket of said Court and styled Roy D. Cheatham Vs. Mrs. J. H. Hardin, et al, in which cause Roy D. Cheatham is plaintiff, and the unknown heirs of Mrs. J. H. Hardin, deceased, and their heirs and legal representatives, are defendants.

A brief statement of the nature of this suit is as follows:

Said suit is the usual statutory action in trespass to try title, plaintiff alleging ownership in fee simple of Lots Numbers One (1) through Twelve (12), both inclusive, in Block Number Eighty-four (84), of the Conner Addition as originally platted, an Addition to the original town of Canyon City, in Randall County, Texas, and seeking judgment for the recovery of said lands and premises; plaintiff alleging additionally that he has title to said land and premises under the ten (10) years statutes of limitation, as is more fully shown by Plaintiff's Petition on file on this suit.

If this citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to the requirements of law and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and seal of said Court at Canyon, Texas, the 5th day of May, A.D., 1958.

THE STATE OF TEXAS

TO the unknown heirs of Mrs. J. H. Hardin, deceased, and their heirs and legal representatives; defendants, GREETINGS:

You are hereby commanded to appear before the Honorable District Court of Randall County, Texas, 47th Judicial District, in Canyon, Texas, by filing a written answer at or before 10:00 A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, the same being the 23rd day of June A.D., 1958 to Plaintiff's Petition filed in said Court on the 5th day of May A.D. 1958, in this cause, the same being cause No. 3535 on the docket of said Court and styled W. K. Bagley, et ux Vs. Mrs. Mrs. J. H. Hardin, et al, in which cause W. K. Bagley and his wife, Ann Lorene Bagley, are plaintiffs, and the unknown heirs of Mrs. J. H. Hardin, deceased, and their heirs and legal representatives, are defendants.

A brief statement of the nature of this suit is as follows:

Said suit is the usual statutory action in trespass to try title, plaintiffs alleging the joint ownership in fee simple of All of the South One-half (S½) of Block Number Seventy-Seven (77), of the Conner Addition to the town of Canyon City in Randall County, Texas, and seeking judgment for the recovery of said lands and premises; plaintiff's alleging additionally that they have title to said land and premises under the ten (10) years statutes of limitation, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to the requirements of law and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and seal of said Court at Canyon, Texas, the 5th day of May, A.D., 1958.

ATTEST: MAVIS HILL  
Clerk of the District Court  
of Randall County, Texas,  
47th Judicial District

(SEAL) 414

any more in that rich Arkansas land; Nature intended Arkansas for a hunting ground and I don't go against Nature."

When the Big B'ar mentioned having shot a wild turkey weighing 40 pounds, a cynical-looking Hoosier asked, "Where did that happen?" The reply was:

"Happened in Arkansas. Where else could it have happened but in the creation state, the finishing-up country—a state where the soil runs down to the very center of the earth and the government gives you a title to every inch of it! Why, stranger, just breathe Arkansas air and it will make you

snort like a horse. It's a state without a fault."

"Except mosquitoes," said the Hoosier.

The Big B'ar replied, "Mosquitoes is Nature and I never find fault with her. If they are large, Arkansas is large, her varmints are large, her trees are large, her rivers are large. A small mosquito would be of no more use in Arkansas than preaching in a cane-brake."

## What Our Neighbors Say...

## Scissor Snippings

Gary Walker in The Prairie: The football field, tennis court, and college gym have been suggested as remedies for WT's lack of a proper lover's lane. Excellent suggestions, but the Athletic Department would be cleaned out by such competition.

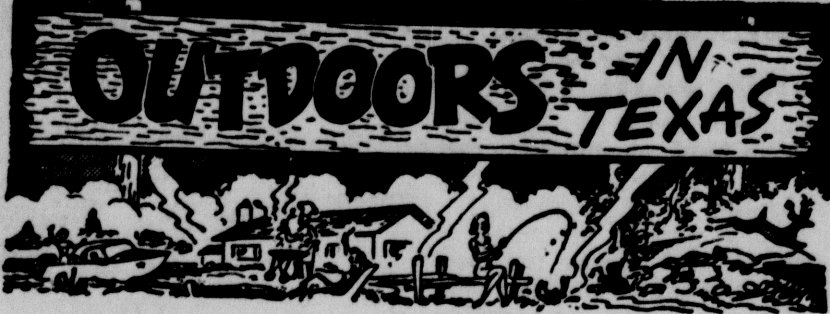

Paul Crume in The Dallas Morning News: Michale Mullane, who will be six in July, and Charlie Ramsey, six in June, are fast friends.

Both were pretty excited about the pre-school letter they got from Bonham School the other day in-

venting them to come to school with their parents and learn how to handle their trays in the lunchroom.

"You know," said Michael in the conversation that followed, "you can't go to school until you can spell B-O-Y because that's what they have on the door."

By VERN SANFORD

By now you are making summer vacation plans. Why not vacation in Texas?

Texas has much to offer — on the coast, on its fine lakes, and in its mountains.

Last year travel in America broke all records so says the National Park Service, which has figures on some 180 areas.

Visitors to these national installations totaled 59,300,000 in 1957. This was an eight per cent increase over the previous year.

An interesting fact was that camp facilities of the park areas

were used more last year than any other previous year. Camper days jumped to a total of 3,189,000.

"The reawakened interest in camping in these places, far removed from the tensions of modern urban life, reflects the appreciation for our people for their national parks," says Director Conrad L. Wirth.

It might be interesting to note that the greatest number of visitors to a national park was the 2,943,732 who were clocked at the Great Smoky Mountains in North Carolina and Tennessee. Smallest

was to Isle Royale in Michigan. In Texas the only national park installation is the big Bend National Park in Brewster County. Last year 74,960 persons visited the park.

Right now figures are not available on those who went to the various lakes in Texas. However, the Corps of Engineers say more persons visited Lake Texoma in 1957 than visited any other similar national installation.

#### License Sales Up

Popularity of sport fishing and wild game hunting took a big upward swing in 1957. A total of 34,195,183 licenses were sold, representing an increase of 1,031,352 over 1956.

There are more fishermen than hunters with 19,000,000 buying the sport fishing license.

Total cost to hunters and anglers — for licenses, permits, tags and stamps, (not including the federal duck stamp) — was \$90,617,093. On the other hand, hunters paid more for their privilege, \$47,000,000 against \$42,000,000 by fishermen.

Texas was in the top ten in hunting licenses with 412,961 sold in 1957. Michigan was first with 1,250,004. For fishing licenses 417,620 Texans and 9,416 non-residents spent a total of \$427,036 which put Texas in 14th place in the United States.

There'll be another jump this year. Texas licenses have increased from \$1.65 to \$2.15 for either resident or non-resident. All salt water fishermen are required to have licenses sold in 1958.

Ownership of a hunting or fishing license is a privilege in Texas, where there is so much fine hunting and fishing available. I will continue that way as long as we proceed in an orderly manner to manage our land, to get the best advantage of wildlife.

An abundant crop of game or fish is no more an accident than a good crop of cotton or grain. You have to work for it. That is being done in Texas, but more and more help is needed, in view of the tremendous increase in outdoor interests.

#### Tournament Time

If you want to enter the Texas Bass Tournament on the Highland Lakes, May 22-25, write Earl Golding, outdoor editor of the Waco Tribune, or Russell Tinsley, outdoor editor of the Austin American. They have application blanks and details.

This year's tournament will be on Lakes Buchanan, Inks, and Granite Shoals, three top Central Texas lakes. Make your cottage reservation early.

Why not take a little week-end run to these lakes and study them? Learn which one you want to fish, and where you want to fish. Right now the scenery around the lakes is beautiful. Your whole family will enjoy the trip.

#### Exercise Care

This is a pretty good time to check your life preservers. Some of them may be old and worn. They might not carry your weight should you have to use them in an emergency.

Every boat should have a good life preserver for every passenger. No child under 12 years of age should be permitted to ride in a boat without wearing a life preserver.

Keep in mind that the cushion type is better than nothing. But you'll find that a good life vest, on the body, is much more effective, should you find yourself flopping around in the drink some time.

Also, if you operate a speed boat, stay a reasonable distance away from boat fishermen. Don't try to swamp them or even rock their boats with the waves from your runabout.

Chances are he thinks you are a heel, anyway. But why prove it to him? You'll both live longer

### Engagement Announced

Mr. and Mrs. R. L. Moss of Refugio have announced the engagement of their daughter, Sandra Lea, to Donald McDonald, son of Mr. and Mrs. Bryan McDonald of Canyon. The wedding will be June 27 at Our Lady of Refuge Catholic Church in Refugio.

if you'll both be considerate and careful.

#### New Double Derringer

In this day of glorifying hand guns, through TV and the cinema's wild west shows, we've had a return of the single action Colt, and numerous other copies.

Now comes another replica of the frontier days, the double Derringer. The original double barrels used rim fire ammunition. Now we have them in 22 calibre, another in fire cartridge. Of course you can get them in a 38 special, too.

This new Derringer comes from the American Weapons Corp. in Burbank, Calif. The gun is manufactured there and is not an import from across the Pacific like so many guns and cameras are today.

It is a double barrel over and under, hammer type that weighs 15 ounces. No claim is made for its accuracy but it is a lethal weapon at close range. It also is a good collector item.

#### Plan Now

If you want to help improve quail hunting this year now is the time to talk to your landowner friend and sell him on the idea of cover and food improvement. Your local game warden will be glad to help you with this program.

There was a very fine seed crop of quail left for this year. The State Game Farm at Tyler soon will have a big crop of birds that can be bought at reasonable prices, for restocking. Your local warden is familiar with this program and can give you a great deal of assistance.

#### Rod-Rac

You've seen Lazy Ike lures. Who hasn't? But did you know that

the Kautzky Co. of Ft. Dodge, Iowa, makes a Rod-Rac. It's exactly what the name implies — a rack for holding your fishing rods. It mounts on the wall of your den, in a closet, or on the porch.

Made almost entirely of bakelite, the Rod-Rac holds three rods of any size in a soft-rubber mount. Eliminates the necessity of dismantling rod and reel. Mighty handy—and looks good, too.

#### MR. FORD PLEASE NOTE

"I think I'll open up a model tea shop."

"Don't do it. Those cars have been obsolete for years."

## Phillips 66 Ammonia . . .

Leo Beizer, Bushland, Tex., reports: "I put down 80 pounds of Phillips 66 Ammonia per acre on 104 acres of irrigated maize. I cut slightly more than 21 tons of ensilage per acre."

## Gives Southwest Farmers . . .

Morgan Sturgess, Tulia, Tex., reports: "I side dressed my irrigated maize with 150 pounds of Phillips 66 Ammonia per acre and harvested 7,000 pounds of grain per acre."

## More Grain Sorghum

From all over the Southwest, successful farmers report higher yields and bigger profits using Phillips 66 Agricultural Ammonia. They get more cotton that classes higher at the gin . . . yields of sorghum grain and ensilage are increased . . . more marketable vegetables are harvested . . . and profits on wheat are increased through higher grain yields and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

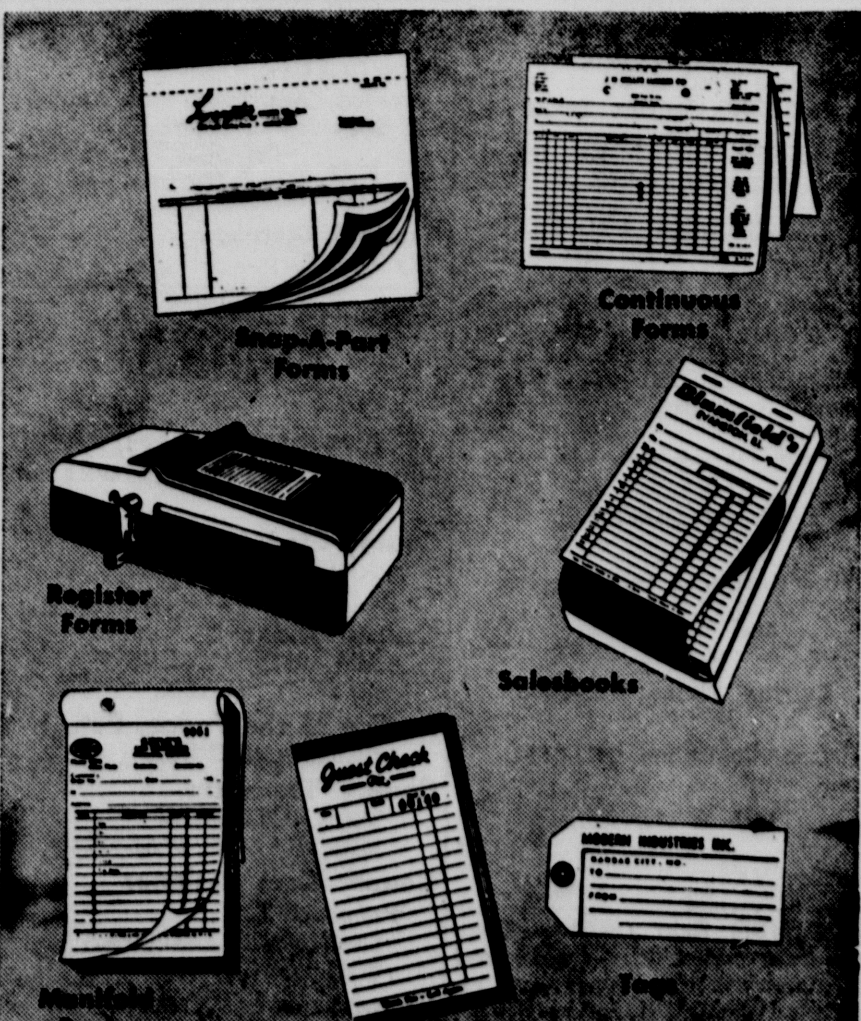

Order Your Supply Of Phillips 66 Agricultural Ammonia Today!

says Mrs. E. T. CONDREY  
2325 57th St., LUBBOCK, TEXAS

Mrs. Condrey says, "I like the oven. I can bake so much at one time — hot rolls, two batches of cookies, and pecan rolls." She continues, "With the automatic timer, the instant heat, and the cleanliness, I gain more time to properly plan the meals I prepare for my family — and the surface units are so convenient. There's just nothing like electric cooking."

Now, get your certificate for two free bug lamps. Enjoy the outdoors under soft, yellow light. See your Reddy Kilowatt electric appliance dealer; ask for an electric range demonstration this week. Yellow bug lamps, which fit ordinary sockets, eliminate most of the light that insects see, yet provide a soft, comfortable light for outdoor living.

## Scouts Schedule Camp, Skill Tests

A camp-out and skill demonstrations have been scheduled for this Friday and Saturday in Conner Park by Boy Scout Troop 66.

A trophy will be presented to the patrol that makes the best record in the skill tests and camping efficiency. The presentation will be made at 3:30 p. m. Saturday to conclude the event.

The camp-out will begin at 5:30 p. m. Friday. Skill demonstrations will begin at 10 a. m. Saturday.

Following dinner, a Scout drill will be held at 1 p. m. The rest of the afternoon will be devoted to skill demonstrations, climaxed by the presentation of the winner's trophy.

## Mrs. de Schweinitz Speaks at Sue Hite

Mrs. George de Schweinitz recently spoke on the Texas political scene in the year's final business meeting of the Sue Hite Club in the Panhandle-Plains Museum.

Mrs. de Schweinitz urged the members to vote in upcoming elections. She endorsed the two party system for Texas.

Mrs. Doyle Ragle gave the invocation. Co-hostesses were Mrs. Ragle and Mrs. R. B. Allen.

A picnic supper in Fellowship Hall of the First Methodist Church closed the year's activities for the club.

## Canyon Club Meets With Mrs. Croson

The Canyon Mother-in-Law Club met Thursday in the home of Mrs. N. A. Croson.

A picnic was planned for 6 p. m. June 12 at the roadside park south of town, with each member bringing a box lunch.

Members opened the meeting with the club song, "Silver Threads Among the Gold," with Mrs. Mary Burtz at the piano and Mrs. R. D. Lowry as chorister. Mrs. H. C. Hudson read Psalm 103.

Mr. and Mrs. L. E. Gum were visitors Sunday in the home of Mrs. Gum's mother, Mrs. R. H. Francis of Perryton.

Mr. and Mrs. E. W. Shugart spent Sunday in Olton with Mrs. Shugart's parents, Mr. and Mrs. J. A. Hudgens.

## Tomlinson Honored By Brunch, Shower

Two recent bridal courtesies honored Nancy Kay Tomlinson, bride-elect of Bob Wilkinson, son of Mr. and Mrs. C. V. Wilkinson of Canyon. Miss Tomlinson is the daughter of Mr. and Mrs. Floyd Tomlinson.

A mother-daughter brunch was held in the home of Mrs. Gerald Dietz Saturday morning. Co-hostess was Mrs. Cecil Simms.

The serving table was centered with a silver bowl of floating pansies and columbine. A silver tray of fruit on picks was used to complete the appointments. Also served were coffee, tea and covered cupcakes. Mrs. L. L. Jones and Mrs. Richmond Hales, both of Canyon, presided at the table.

Mrs. Duane Howard registered the guests. Mrs. Ray McReynolds assisted in serving.

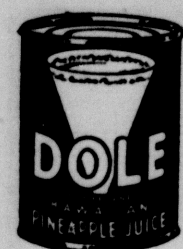

In the receiving line were Mrs. Dietz, Mrs. Wilkinson, Mrs. Tomlinson and Miss Tomlinson.

Mrs. Foster Parker of Lubbock gave a miscellaneous shower in her home Sunday. Co-hostesses were Mrs. J. O. Parker and Mrs. Dick Lowrey, both of Canyon.

In the receiving line were Mrs. Foster Parker, Mrs. Tomlinson, Miss Tomlinson and Mrs. Wilkinson. Miss Tomlinson wore an orchid corsage and the others wore white carnations.

Punch, nuts, mints and lemon roll were served from the serving table, centered with cream carnations

# Text of Report Given By Building Committee

This is the text of the third Canyon Hale-Aikin Committee report. The fourth, of the Finance Committee, will be published in a subsequent issue.—Editor.

## School Construction

The state has assigned to local boards of school trustees the legal responsibility for determining the need, location, design, and financing of school building construction. Local boards have available to them the advisory services of the State Department of Education. The details of design and financing of school building construction. Local boards have available to them the advisory services of the State Department of Education. The details of design and the supervision usually are accomplished by contract between the local board and an architect.

Virtually all districts finance schoolhouse construction through the issuance of local school district tax bonds with maturities usually ranging from 15 to 30 years. The extent to which a local school district may incur bonded debt is limited by the Texas Legislature, as will be explained in the "Finance" chapter of this study guide. The general problem of providing adequate classroom facilities for the increasing school enrollments suggests the need for two major lines of inquiry: What is the present need for school buildings? What is the predicted future need? Accurate answers to the above questions in each Texas school district would make it possible for the Committee of Twenty-Four to draw up a composite picture of school building needs for the entire state.

### Questions

1. Does your county have sufficient classroom facilities for the number of pupils currently enrolled, in accordance with existing standards governing class size?

Answer: No.

2. If there is a shortage of classrooms in any district in your county, how many additional classrooms are needed to house adequately the pupils now enrolled? Please deduct the number of classrooms now under construction, so that the following figure will represent the net current shortage of classrooms which will not be met by construction now underway.

### CITATION BY PUBLICATION

THE STATE OF TEXAS  
TO: G. P. Preslar, G. P. Taylor, J. D. Taylor, Etta Taylor, Etta Marrs, Walter Taylor, and Pearl Taylor, and if said parties or either of them be dead, then to the unknown heirs of such as may be dead, and to the heirs and legal representatives, if any, of such unknown heirs. GREETING: You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 16th day of June, A. D., 1958, at or before 10 o'clock A. M., before the Honorable District Court of Randall County, at the Court House in Canyon, Texas. Said plaintiff's petition was filed on the 29th day of April, 1958. The file number of said suit being No. 3531. The names of the parties in said suit are: B. T. Preslar, Jr., Rose Williams, Lillie King, J. A. King, Avis Preslar, Lucy Brooks Williams, Roy Williams, Pearl Thompson, Orlan Thompson, Helen Sexton and O. L. Sexton, as Plaintiffs, and E. Tennie Savone and those persons who are first named in this citation and to whom it is directed as Defendants.

The nature of said suit being substantially as follows, to wit: The recovery of title and the removal of all clouds from plaintiffs' title to a certain tract of land, plaintiffs alleging that they are the owners in fee simple of said land, that the records in the County Clerk's office of Randall County, Texas, and your claims of rights, titles and interest in and to said land create clouds on their title to said land, and they plead the Five, Ten and Twenty-Five Year Statutes of Limitation in support of their title to said land and in bar of all rights, titles, interest, claims and demands of each and all of you in and to said land, said land being all of the Southeast one-quarter (1/4) of Block No. Three (3) of the McGee and Hutson Addition to Canyon City, Texas, and being the same land conveyed by Charles R. McAfee and wife, Emma L. McAfee, to Joel Preslar, by deed dated July 17, 1906, recorded in Vol. 11, page 251, Deed Records of Randall County, Texas, and that G. P. Taylor and J. D. Taylor executed and delivered a deed of conveyance of the above described property to J. W. Preslar which has been lost, destroyed or carried away, and plaintiffs have been unable to locate the same, and for recovery of title to said land from said defendants.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 29th day of April A. D., 1958.

Given under my hand and seal of said Court, at office in Canyon, Texas, this 29th day of April, A. D., 1958.

MAVIS HILL District Clerk  
47th Court Randall County,  
Texas  
By L. Johnigan, Deputy

(SEAL)

414

Answer: None. The system is using nine classrooms which are temporary.

Please classify this net shortage in terms of what caused the need for additional classrooms.

Answer: Nine of the needed classrooms are the result of increased enrollment.

3. Please list and describe briefly the districts which have a shortage of classrooms.

Answer: Canyon Independent School District has a shortage of nine classrooms due to the temporary construction in 1947, and will need 18 additional classrooms by 1963.

4. How many additional classrooms do you estimate will be needed in your county between now and June, 1963?

Answer: 18. Number needed now, nine. Total, 27.

5. Please classify the above predicted need insofar as possible in terms of the bases on which the predictions were made.

Answer: 15 because of increased enrollment and three because of anticipated changes in program.

### Utilization

Please consider ways and means whereby the need for additional classrooms might be met through improved utilization of school buildings. Some of the questions which might be raised are:

Would a year-round school, with vacation periods staggered so as to have a balanced enrollment throughout the year, help to meet the need?

Is it feasible and desirable, in areas of substantial population growth, to extend the school day so that additional use might be made of school facilities?

Can classrooms vacant during certain hours of the day because of their allocation to a specialized area of the curriculum be made available for other classes?

Do you have any space now not in use, which could be converted to classroom or other school use?

### Questions

6. In terms of the prevailing construction cost per school classroom in your area of Texas, what amount of money do you estimate will be required to provide the additional classrooms needed for the children in your district between now and June 1963? (Anticipated total need through 1963 should be multiplied by the factor representing the construction cost of a new classroom.)

Answer: \$283,500 for classrooms, \$96,500 for other facilities, a total of \$380,000.

7. Under the present legal structure, how will the school district be able to provide the needed additional classrooms?

Answer: We hope that we will be able to do so.

## SOIL CONSERVATION DISTRICT NEWS

The grass that is seeded on conservation reserve land must be seeded by May 15. If you need to plant another cover crop before seeding grass, it should be planted between June 20 and July 20.

On most of the farms where grass has been seeded, it is coming up to a good stand. In some cases it is very hard to tell that the grass is coming up. You can examine the drill row carefully and see the young stand of grass. If you are having trouble finding the young seedlings, contact the Soil Conservation Service in the court house and they will examine the field with you.

Farmers who have recently signed a cooperative agreement with the Randall-Potter Soil Conservation District are Jozach Byrd, R. O. McKay, Mrs. C. W. Allen, Hosea Foster, Harold Bryan, B. A. Burrus, Robert Spilman, Burney Slack, J. C. Bellah and Joe Frank. More farmers are being contacted and are becoming cooperators with the Randall-Potter SCD.

Due to the bad weather the first

part of the year, permanent type practices are not being carried out. Some terraces, dams, and diversions are now being built. If you need any dams, terraces or diversions contact the local S.C.S. office and they will be glad to discuss your plans with you.

The milk production of a cow is reduced more rapidly by too little water than by anything else.

### Teacher Awards Representative

Ada V. Clark, left, who has taught in the Canyon Public Schools for 35 years, is representative of the school faculty and auxiliary employees who were honored last week in a service awards dinner. Miss Clark, who teaches music in the junior high and senior high, was awarded a diamond-studded service pin by Supt. Joe Gibson and A. C. Haley Jr., school board president.

### NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18TH CONGRESSIONAL DISTRICT

**Recession Talk** — Recession talk continued at full speed in the Nation's Capital last week. Many columnists wrote about it as usual, and many commentators on television and radio gave considerable time to it. The whole subject came in for a full dress debate on the Floor of the House when the unemployment compensation bill was being considered. A continuing discussion of such a subject among the people creates some rather interesting situations. For instance, history seems to prove that people always save more

when it appears that hard times might be on the way. Government figures reflect that time deposits during the first three months of this year increased by \$2.2 billions, whereas this increase during the last three months of 1957 was only \$900 million. A large part of this was made up of the savings accounts of individuals.

It also appears that more United States Savings Bonds have been bought during the last few months than have been cashed in. Prior to that time the sale of these bonds was below the redemption figures by several millions of dollars. In fact, during the last three months of 1957, the sales were \$300 million below the redemptions.

New deposits in savings and loan associations were greater than withdrawals every month last year. Life insurance reserves have been steadily increasing, and the cashing in of policies seems to be slowing down.

In the installment credit field during February, the repayments were actually greater than new installment loans. This could be indicative of greater savings.

In any event, the entire picture reflects that when people become concerned about the financial situation, they immediately try to adjust themselves so that they will have some ready cash on hand and be all set for a rainy day. This, of course, always contributes to a slowing down of the circulation of money because fewer goods are purchased, all of which makes for an unstable financial situation across the country.

I feel that if the people can be reassured by positive action at the present time to stimulate more activity in all fields of business, the so-called recession will take care of itself. A big contribution to this end could be made by a few changes in our income tax laws that would enable many people to reactivate slumping small business concerns.

Whether it is done by accelerated amortization schedules on new construction, new equipment, or several other ways, it could be of great help to many of the smaller towns that are so badly in need of some economic stimulant.

Although such a procedure might be termed a tax cut, actually it would be no more than a short moratorium that could well create sufficient circulation that would not only help in solving a recessionary problem, but could be of measurable help both now and in the future in preventing further deficit government spending.

Government spending alone is not going to solve any recessionary situation. It must be handled with the greatest of care so as to provide the necessary stimulation to the economy without creating larger and larger deficits upon which larger and larger interest payments must be made.

#### CONSIDERATE

Judge — If you were in the house innocently, why had you taken off your shoes?

Burglar — I heard there was sickness in the house.

#### CASUAL DISCOVERY

Deliberation — "Is a diplomat supposed to tell the truth?"  
"Oh, yes. But he is often permitted to take his time about discovering it."

## Rural Life Sunday To Be Observed

Rural life Sunday will be observed in local churches Sunday as a part of Soil Stewardship Week, May 11-18, held in cooperation with the National Association of Soil Conservation Districts.

In the Calvary Baptist Church, Phillip Waters, a Canyon High School student, will speak on "Why I Want To Save Natural Resources," and the pastor, the Rev. Aaron Mann, has prepared a sermon on soil conservation.

The Rev. Strauss Atkinson, pastor of the First Baptist Church, will speak on soil conservation to his congregation.

As a part of a study of the First Christian Church stewardship, a soil conservation service has been planned for Sunday by the Rev. Gerald Findley, pastor.

"Stewards of God's World" is the sermon topic of the Rev. Doyle Ragle, pastor of the First Methodist Church. Rhett Plank, high school student, will speak on "Conservation of Our Natural Resources."

Other churches will be observing the day through the use of special material and bulletin inserts.

### PAST MATRONS CLUB MEETS

The Past Matrons Club met May 6 in the home of Mrs. H. E. Campfield.

Refreshments were served to Nina White, Berl E. Mayfield, Clara Lou Slack, Kitty Foster, Olga Phillips, Mattie Gerald, Viola Gum, Margaret Cole, Marie Hair, Vera Crawford, Idagerte Wirt and Mrs. Campfield.

Mr. and Mrs. C. G. Pond and Ivan visited Mr. and Mrs. Reuben Spencer and family at Elk City, Okla., over the weekend. Visiting there also were Mr. and Mrs. Clarence Hagar of Gentry, Ark.

## GOC Takes Part In Defense Alert

As a part of a nationwide Civil Defense alert last week, Delta Echo Zero, Canyon's Ground Observer Corps post, participated in a 12-hour plane spotting program, according to Earl Crump, chief observer.

In the period from 12 noon to 12 midnight May 6, 15 members of the Canyon group spotted 23 civilian and Strategic Air Command planes. Reports were sent to the area headquarters in Oklahoma City, and a radar station in Amarillo followed the paths of the planes.

Amarillo was bombed by enemy planes in a simulated attack during the Civil Defense exercises, which lasted through last Wednesday. Canyon's corps did not participate in the mock evacuation or relief work following the attack.

Participating in the attack were Crump, Mrs. Toni Dewey, Mrs. Clara Stork, Mrs. Earl Crump, Mrs. Allen Winters, Chester Reynolds, Jim Boyce, Pauline Cummings, Polyantha Cummings, Alfred Hamblen, Ginger Crump, Virginia Costley, Gene Costley, Ralph Cabe and Ronnie Reynolds.

Mr. and Mrs. Everett Trout of Port LaVaca have been visiting their son and his family, Mr. and Mrs. Wayne Trout of Canyon. They have also been visiting Mr. and Mrs. C. G. Pond and sons of Canyon.

Visitors in the G. B. Combs home were T. B. Atkins, J. W. Atkins, both of Big Spring, and Mrs. G. Bourianoff of Corpus Christi. They are Mrs. Combs' sons and daughter.

## County HD Clubs Observe Week

The Randall County Home Demonstration Clubs observed National Home Demonstration Week May 4-10 as a part of 36,000 club women in Texas.

The 12 home demonstration clubs in Randall County attended a special program held in the Southwestern Public Service building. Mrs. Jo Helen Cabbell, home economist, demonstrated an electronic range.

Some clubs invited guests to their meetings. The Palo Duro-Rusk Home Demonstration Club invited the Sunny Hill Club to meet with them yesterday to hear Mrs. R. L. Campbell, past state president of the Texas Home Demonstration Association.

The Canyon Home Demonstration Club members selected last week to have their blood typed. They went as a group and received special rates.

Six and one-half million members throughout the nation had as their theme for the week, "Today's Home Builds Tomorrow's World."

Mr. and Mrs. Art Roberts and Mr. and Mrs. E. C. Penick, all of Canyon, spent Mother's Day in the Pampa home of Mrs. L. B. Penick.

Cecil Parkhill and children spent the weekend in Crowell with his mother, Mrs. W. D. Parkhill.

## Johnson-

Continued from Page 1

Randall and Potter Counties for coordinated progress in modern health facilities, was formed during his office.

All of these, and many other steps, have been accomplished without placing an undue burden on the taxpayers of Randall County, Commissioner Johnson states.

He pledges a continuing effort to bring about a redistricting of Randall County, so that Amarillo residents may be more adequately represented in county government affairs. At present, 72 per cent of the county's paid poll taxes are from Precinct 4, with only one commissioner representing these voters, Johnson says. He also promises continued efforts toward equalizing taxes.

Johnson is the owner-operator of a service station at 34th and Western. He has had more than 25 years experience in the retail gasoline business.

He was elected vice president of the County Commissioners and County Judges Association of Texas during the group's convention last year at Laredo.

Johnson has lived in Randall County continuously for the past 25 years. He resides with his family at 3507 Milam.

If returned to office, Johnson pledges a continuation of the sound, business-like administration of county affairs.

## DOUBLE STAMP DAY TUESDAY

## Book Club Tours Weather Bureau

Larry Mane, weatherman at the Amarillo Weather Bureau, conducted a guided tour Friday for members of the Junior Woman's Book Club. The Weather Bureau is at the Amarillo Air Terminal.

Mane, one of 14 men on the weather bureau staff, showed the group how balloons equipped with radio transmitters were sent up four times daily to record atmospheric conditions at 90,000 feet.

A broadcasting system, which connects the weather bureau to Amarillo radio and television stations, is used by the meteorologists to give weather reports and severe

weather warnings. In explaining the operation of the system, Mane said that programs in progress are not interrupted except in cases of emergency.

Mane told the group that the Amarillo bureau is connected to every other weather station in the United States by the means of a facsimile receiver—an instrument which records national weather conditions upon a map of North America—and a teletype, which records in code the conditions reported by each weather bureau. Mane also explained the symbols used in meteorology.

The radar system used by the weather bureau is the second oldest station in Texas, Mane said.

## Resident of Happy Honored by Dinner

Mrs. S. B. McClure of Happy celebrated her 80th birthday with a family dinner in the home of Mr. and Mrs. Hobart McManigal in Happy.

Present were Mrs. McClure's brothers and their wives, Mr. and Mrs. C. A. Dillingham of Blair, Okla., and Mr. and Mrs. W. A. Dillingham of Orange, Calif.; her sisters, Mrs. C. E. Wright of Wagon, Okla., and Mrs. Ella Holcomb of Brownwood.

Also attending were Mrs. J. T. Gunter and Don and Mrs. R. A. Anderson, John and Freddie of Brownfield; Mr. and Mrs. Arthur Sammann of Tulsa; Mr. and Mrs. Jim Stack of Amarillo; Mr. and Mrs. Billie McClure of Plainview. Mr. and Mrs. C. Boone McClure and Cheryl Ann of Canyon; Mr. and Mrs. H. L. Roewell of Happy; Mr. and Mrs. A. B. Landrum and Welborn of Plainview; Mr. and Mrs. McManigal and Hobart Jr.; Mr. and Mrs. Carl Hudgins and Carla of Brownfield and Darlene Slaughter of Plainview.

Mrs. McClure moved to the Canyon area in 1912.

Mr. and Mrs. Jim Carter were dinner guests Sunday in Amarillo with their daughter and her family. Mr. and Mrs. Carlos Thornton and Stanley.

## Women's Clubs Ask Nationals

Climaxing "Greek Day" activities, the four women's social clubs at West Texas State College Thursday formally petitioned to become chapters of four national sororities, according to President James P. Cornette.

Three of the clubs already have been "pinned" with pledge ribbons and the fourth will receive the initial pledge ribbons soon. A formal pledge training period for all four clubs will be held next fall.

Chapters of the four sororities will be officially installed simultaneously during the fall semester. Ruth Cross, dean of women at WT, said. The installations will follow the pledge training periods.

The program of "Greek Day," when National Panhellenic Conference officers and representatives and alumnae of the four sororities visited the campus, was conducted in cooperation with the Panhellenic Conference, Miss Cross said.

WT's clubs, and the sororities with which they will become affiliated, are Delta Zeta Chi (WT) and Delta Zeta (national), Kappa Tau Phi (WT) and Alpha Delta Pi (national), Pi Omega (WT) and Zeta Tau Alpha (national), and Gamma Phi (WT) and Chi Omega (national).

West Texas State's social clubs for men and women received permission from the Board of Regents of Texas State Teachers Colleges last fall to seek affiliation with national groups. Since that time one other men's club, Lambda Pi Delta, has been formed to bring the number of men's clubs to four.

Progress by the men's clubs is being made, but affiliation with national fraternities has been a slower procedure.

The four women's clubs spent several months preparing histories of the groups, making scrapbooks and brochures to present to the visiting sorority members and alumnae. The visitors conferred with the club members while visiting here.

"Greek Day" opened with a coffee in the morning in Brown Hall lounges, and the clubs displayed their materials in Cousins.

President and Mrs. Cornette entertained visitors at a luncheon, where Dr. Cornette addressed visitors and club members. At a final meeting, where tea was served, procedures for establishing chapters were discussed.

Club members who are seniors this year will be initiated as charter members, Miss Cross said. Alumnae of the four clubs may also be initiated as alumnae, she said.

West Texas State's administration has set 1963 as the date when new sororities may be established and chapters started on the campus.

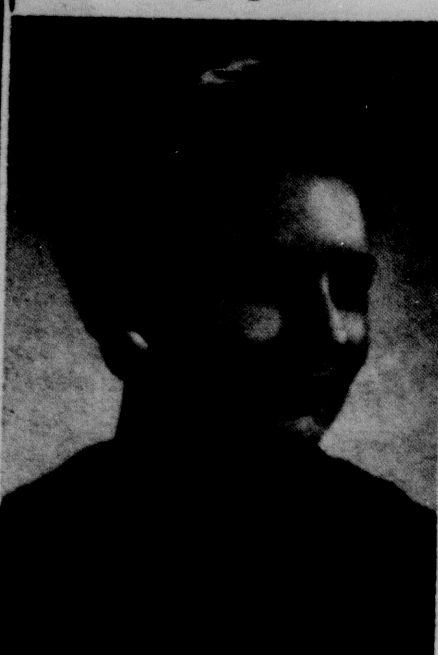

Following installation of the four chapters next fall, a college Panhellenic council will be established. Membership on the local council will include an alumnae from each sorority and two active members of each group.

Mr. and Mrs. J. E. Voorhees have returned from two weeks vacation after visiting relatives in Porterville and Los Angeles, Calif., and Tacoma, Wash. The Voorhees visited their daughter and son-in-law, Mr. and Mrs. Ed Koetling, in Tacoma.

Jim Rose of Beverly Hills, Calif., is visiting his mother and his brother, Mrs. W. G. Rose and Kelly, in Canyon.

Mr. and Mrs. Don Hollums spent the weekend in Spearman with Mr. and Mrs. Paul Taylor, the parents of Mrs. Hollums.

## Engaged

Mr. and Mrs. D. W. Madderom of Chicago, Ill., announce the engagement and approaching marriage of their daughter, Virginia Walker, to Joe R. Britt, son of Mr. and Mrs. K. L. Britt of Austin. The couple will be married June 7 in the First Baptist Church of Canyon. Miss Walker is the granddaughter of Mrs. W. E. Tucker.

## 18 Students Set Recitals Monday

Eighteen music students will be presented in a recital Monday at 4:30 p. m. in the Administration Building at West Texas State College. Participating will be vocalists, instrumentalists, pianists and organists.

Students and their selections are Judith Cleavinger of Dimmitt, organ, "Fanfare" by Lemmens; Ann McMurry of Tulsa, clarinet, "Aria" by Aubert (Wain); Jimmy Boyd of Snyder, horn, "Rondo" by Cooke; Ted Trisler of Fritch, bass, "Twenty-third Psalm," by Malotte; Daria Galloway of Stratford, piano, "Clair de Lune" by Debussy.

Betty Overall of Pampa, clarinet, "First Concertino" by Guilhaud; Wayne Griggs of Pampa, tuba, "Variation of a Theme" from "Judas Maccabeus" by Beethoven-Bell; Dennis Plunk of Amarillo, coloratura soprano, and Gene Merritt of Carlsbad, N. M., flute, "The Echo Song" by Bishop; Anita Groves of Spearman, organ, "Prelude and Fugue in C major" by Bach; Hamp Gillespie of Borger, oboe, "Concerto in G minor" by Handel.

Jo Ann Stallings of Borger, horn, "Aria" by Hamilton; Frank Frisbie of Amarillo, tenor, "La donna e mobile" from "Rigoletto" by Verdi; Kathy Howard of Amarillo, flute, "Suite in A Minor" by Telemann; Noel Maxwell of Stanley, Kans., baritone horn, "Morieau Symphonique" by Guilman; Peggy O'Neal of White Deer, piano, "Etude, Op. 10, No. 5" by Chopin; Janice Ruth of Dalhart, mezzo-soprano, "Die Mainacht" by Brahms; Jimmy Goff of Pampa, flute, "Syrinx" by Debussy; and Joe Mack Hill of Spearman, trumpet, "Suite for Trumpet" by Latham.

## Hereford Club Slates Clinic

HEREFORD—Featuring an outstanding number of medical specialists, the third annual free clinic for handicapped children in a seven county area will be sponsored by the Hereford Oasis Shrine Club here May 17.

Children through 18 years of age will be examined by 20 doctors in 10 different fields, ranging from general physical examinations to neurosurgery.

According to Dr. L. B. Barnett, Oasis Shrine president, the clinic will examine children from Pampa, Bailey, Randall, Castro, Oldham, Swisher and Deaf Smith Counties.

Purpose of the clinic will be examination and diagnosis of illnesses of children of all races, colors, creeds and economic status. The Oasis Shrine will help children of needy parents to enter regional or national hospitals for special treatment.

Site of the examinations will be the Hereford Medical and Surgical Clinic, Fourth and Miles. Twenty doctors are donating their time for the clinic.

Registration will begin at 9 a. m.

## Priscilla Club Meets With Ex-Member

The Priscilla Club was entertained May 7 in the Amarillo home of a former member, Mrs. Ruth Perrin. Lilacs were used throughout the house as a spring time decoration.

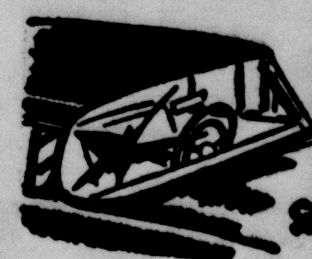

Mrs. Perrin served ice cream, cake and tea to Mrs. Phillip Miller, Mrs. C. W. Edwards of Hereford and Mrs. Tom Knighton of Corpus Christi, all guests; Mrs. I. F. SoRelle, Mrs. S. B. Louder, Mrs.

Dudley Moore Sr., Mrs. C. R. Flesher.

Mrs. Alfred Bellah, Mrs. R. A. Hodges, Mrs. W. M. Stokes, Mrs. Dewey Foster, Mrs. T. S. Stevenson Sr., Mrs. Hud Prichard, Mrs. C. M. Dowlen, Mrs. E. D. Walker, Mrs. C. M. Presley, Mrs. Ernest Brown and Mrs. J. M. Daugherty, members.

Mr. and Mrs. Bud Schofield spent the past weekend with their parents in Silverton.

## George Slept Here...

He pulled off the highway and asked if he could take a little snooze.

We pride ourselves that Phillips 66 Stations are first-rate service stations. We're even glad to make them sleeping stations in an emergency. So George took his snooze.

Good thing he did because, dog-tired and drowsy, he might have fallen asleep at the wheel while driving.

This little incident suggests, in a small way, the hospitable attitude of Phillips 66 Service men generally. Ask any regular patron of Phillips 66 Stations and he'll tell you that Phillips Dealers go out of their way to treat you and your car right — perform many a service you wouldn't expect to get elsewhere.

Better yet, drive in and see for yourself what "Hospitality on the Highway" means.

Announce Engagement

Mr. and Mrs. F. H. Yarnell of Anadarko, Okla., have announced the engagement and approaching marriage of their daughter, Lucy Mae, to Ewell Jennings of Dallas, son of Mrs. Pearl Jennings of Muleshoe and E. C. Jennings of Amarillo. After a late summer wedding, the couple will establish their home in Fort Worth. Miss Yarnell is an assistant professor of business at West Texas State College.

Visiting with Mrs. C. L. Gordon-Cumming of Umbarger on Mother's Day were her three daughters and their families, Mr. and Mrs. Q. B. Workman of Tulia, Mr. and Mrs. R. J. Culwell of Amarillo, and Mr. and Mrs. J. M. Barker of Plainview. Also visiting from Amarillo was Mrs. Gordon-Cumming's grand-

daughter and family, Mr. and Mrs. John Billups and daughters, Patti Jon and Mollie Elizabeth. Mrs. Mittie Workman of Canyon was also a guest. Mrs. Gordon-Cumming, Mrs. Barker and Mrs. Workman attended the Friday night banquet of the Panhandle-Plains Historical Society.

# Canyon Streets Maintained by Crew Of Four Headed by Archie Davis

By DAN MUDD

Back in the "dark ages" of Canyon, city streets were known by names. But in 1927, the street names were changed to numbers and have been known by numbers ever since.

Maintenance of these streets comes under the duties of the Canyon Street Department. A crew of four men repairs the streets, keeps dirt streets graded and makes sure the streets drain properly. Head of the crew is Archie Davis, superintendent of streets and sanitation.

The Canyon Street Department was formed in August, 1922, when paving of streets began in Canyon. Since that time it has grown with the city.

Today the value of Canyon streets is about \$450,000, and equipment the department has is valued at \$50,000. It maintains two 1½-ton trucks, a pick-up truck, a motor grader, a tractor loader, and a Caterpillar loader.

One of the biggest problems the department has is bad weather, especially wet weather combined with freezing temperatures, which allows water to seep into the base as result of alternate freezing and thawing. One of the main duties of the department is keeping streets clear in bad weather.

In 1940, there was a total of 17 miles of pavement in Canyon. At that time it boasted having the greatest number of paved streets of any town of its size in the world. It has kept pace as to additional blocks added. In the last two years, 58 blocks of paving were laid.

At the present time, three more blocks are under construction at the 500, 600 and 700 blocks on Eighth Avenue. Fourth Avenue, from 16th Street to the east city limits, is being widened to 64 feet.

Before paving can be done in Canyon, property owners must first petition the City Commission. The petition should contain the signatures of all property owners on the block to be paved. Each owner must agree to pay for the paving for half of the width of the

street that their property covers.

It is required that proposed pavement must be connected to existing pavement. The minimum amount of paving that can be done is a full block. Intersection paving is paid for by the city, which amounts to approximately one-third of the total cost of a paving project.

Today, Canyon has 311 blocks of paved streets, all paved in asphalt except parts of Third, Fourth

and Fifth Avenues, which are paved in brick.

As the first paving contract was let in 1922, it was planned to pave only around the public square. Before the paving was half finished, citizens asked that the paving continue from the depot to the highway.

Various types of paving were presented and claims were made as to the relative value of these different types. After long consideration, the city commission decided that brick pavement was the most durable, giving the pavement the longest life at the lowest cost of maintenance.

With this in mind, the pavement around the public square was laid upon a concrete foundation with the brick pavement on top.

It took 210,000 bricks to complete Canyon's first brick paving project in 1923. The brick was furnished by the Mineral Wells Paving Brick Company.

## Wayside News

Rev. Joe Leatherwood filled the pulpit Sunday morning and a group of students from the Wesleyan Foundation of Canyon presented a good program Sunday night.

Mr. and Mrs. W. R. Stockett and John McGehee attended the grade school graduation at Tulia Friday night. James Stockett, a great-grandson of Mr. McGehee, was one of the graduates.

Mr. and Mrs. Paul Wetzel went to Plainview Thursday to be with Paul's brother-in-law, Oren Martin, who underwent surgery in the Plainview Hospital.

Margie Rollins left Wednesday for her Broken Bow, Okla., home after visiting her sister and her family, the Jimmy Beans.

Mr. W. E. Blair announces the arrival of a daughter born May 10 in the osteopathic hospital in Amarillo. The baby, named Willarene, weighed 6 pounds, 14 ounces. W. E. Blair recently passed away in Odessa.

Mr. and Mrs. E. C. Franklin left Thursday afternoon to spend the weekend with their daughter and her family, the Robert Bruners, in Durango, Colo.

Mrs. Ira Schrib and Nancy were Tulia shoppers Saturday.

Charles Kennedy was a business caller in Claude Friday.

Mr. and Mrs. W. R. Franklin were Canyon shoppers on Friday morning.

Mr. and Mrs. W. R. Stockett were business callers in Tulia May 6.

## English Professor Publishes Article

An article, discussing "Steinbeck and Christianity," by Dr. George de Schweinitz, associate professor of English at West Texas State College, has been published in the May issue of College English.

The article is an answer to a rebuttal to an article which appeared originally in the publication in 1956. The original article, by Martin Shockley, dealt with "Christian Symbolism in 'The Grapes of Wrath.'" The rebuttal was by Eric Carlson, and appeared in the January 1958 magazine.

Dr. de Schweinitz seeks to show that Steinbeck's novel does resemble "in its atmospheric quality" the historical passing of Hebraism into Christianity. He said that the two writers "were not using the key word in their discussions, 'Christian,' in the same sense."

All three writers did find in the novel "an element of the inexplicable, the mysterious, and the miraculous."

Dr. de Schweinitz has been a member of the WT faculty since 1956, coming here from the University of Alabama. He earned his B.A. degree from the University of Colorado, attended Oxford University, and earned his Ph.D., and M.A. degrees at the University of Iowa.

Mr. and Mrs. Van Pennington spent the weekend with his mother, Mrs. Lena Pennington, at Winters.

## CITATION BY PUBLICATION THE STATE OF TEXAS

TO: LOUIE F. MOREE, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th Judicial District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of June A. D. 1958, to Plaintiff's Petition filed in said court, on the 13th day of December 1957, in this cause, numbered 3468 on the docket of said court and styled KATHRYN M. MOREE, Plaintiff, vs. LOUIE F. MOREE, defendant.

A brief statement of the nature of this suit is as follows, to-wit: A suit for divorce on grounds of excessive cruelty and an adjudication of property rights, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this 18th day of April A. D. 1958.

Attest: Mavis Hill Clerk, 47th Judicial District Court Randall County, Texas By L. Johnigan, Deputy (SEAL)

## Club Meets in Home Of Mrs. Hammons

The Palo Duro Mother-in-Law Club met Thursday in the home of Mrs. J. P. Hammons for a called meeting.

In a short business session presided over by the president, Mrs. Hammons, Mrs. George Barker,

yearbook committee chairman, announced that the yearbooks were ready for publication. Plans for a family picnic, to be held in June at the home of Mrs. Jeannette Robbins, were made. Mrs. Earl Burtz was in charge of the program.

Mrs. Fred Marshall opened the meeting with a prayer. Seven members were present.
